Savannah Design Group

TREND:

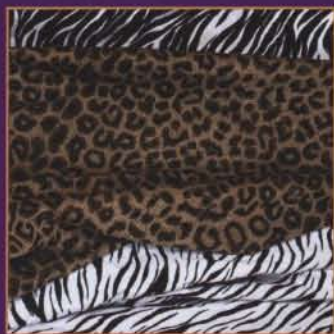

Ethnic eclectic

COLORS:

High contrast, zebra prints, red lacquered furniture and richly embellished pillows.

ACCENTS:

The main ingredient is a hint of the exotic: a splash of Spanish, a hit of Asian, and perhaps a pinch of Moroccan.

TREND:

Hollywood retro meets Parisian glamour

COLORS:

Make-up colors, polished metals, faux fur & flocked / mylar wallpapers.

ACCENTS:

The common elements are sparkling, sophisticated glitz and glitter. Mirrored furniture in contrast to clean-line, dark woods.

TREND:

Earth friendly

COLORS:

"Green design", earth-toned colors, natural elements, organic textiles and woven wallpapers.

ACCENTS:

The driving force is a blend of renewable resources including hemp, cork, engineered wood, and recycled materials. Teak furniture and bamboo accessories.
